#### **Attractions**

The huge redevelopment of the city is making Sofia one of the most attractive place to live and work in the region. Whilst Sofia will never rival Prague for its historical sites, there are numerous places of interest to visit including the Russian Church, Russian Church, Sofia Synagogue, galleries, museums and, Sofia's crowning glory, the impressive Alexander Nevski memorial church. You will also see set-piece public buildings along the tastefully cobbled streets and the pedestrianised Vitosha Boulevard attracts visitors for its stylish shops and the impressive views south towards Vitosha mountain.

In Spring and Summer you will see bars and cafes springing out onto the pavements and parks and visitors enjoy affordable quality dining and a thriving bar culture. The city is gaining a new more hedonistic edge as it grows and prospers. As the centre of the city is flat it can be covered on foot with ease.

Moving just 12km out of the city brings you to Vitosha Mountain which is perfect for outdoor pursuits. The city is only an hour away from the established mountain resort of Borovets and one and half hours from Bulgaria's second city of Plovdiv. Whilst there are many improvements still to come, a glimpse of its future status can be observed with its modern airport terminal, business parks and shopping centers. These are all strong pointers that this city will not remain the current property bargain destination for long.
