The new development will be offered with a range of luxury hotel-level facilities including communal garden, luxurious common parts, 8 private swimming pools, 2 restaurants, bar and shops. Attractions

The location in Elenite combines two seemingly contradictory features. The place is peaceful and quiet on one hand, and gives easy access to the attractions of tourist life on the other. Elenite is located at the edge of the agglomeration, at a mountain slope just by the sea - the center of Sunny Beach is just a couple of kilometers away. Everything is just at hand. There are Aqua Parks, music clubs, bars, restaurants with folk and music live performances, casinos, etc. Do you want to take a quad and ride in the wilderness or horse ride in the mountains, or perhaps dive among the sunken ships? This complex is perfect then. The fans of history and culture will not be disappointed - the ancient city of Nessebar is right on the other side of the bay. You can walk days and hours on the historical narrow streets. How about a trip to Istanbul? It is not a problem - a hydrofoil boat will take you there on a round trip. There are many attractions and no one will be disappointed. A small holiday train will take you almost everywhere you want.
