Description

Harmony Hills presents to investors an elegant apartment complex with additional semi-detached houses, set within a pleasant landscape; the main considerations are the residents' safety and security, the quality of their homes and the tranquility of the location.

The developer will ensure that the necessary infrastructure for the complex is in place and that its 13 thousand square meters of built up area are fully serviced and professionally managed, securing professional rental contracts and links to international recognized tourist organizations.

Harmony Hills is the first functional and fully managed vacation resort for all year entertainment and relax. Located in the village of Rogachevo, near Albena. Only 34 km from Varna. The village itself enjoys extensive view to the mountains and the Black Sea and has become one of the most sought after locations on the coast with the resort of Albena just 4 kms away.

Attractions

Albena offers high standard hotels with a choo-choo holiday train for tourist traveling between them. A 7km long and 150m wide sandy beach is a holiday dream come true. Albena has a Blue Flag badge - it is awarded to ecologically clean areas. Soft descent to the sea, shallow shore, sandy sea bottom and complexes of hotel swimming pools and playgrounds make Albena a place perfect for families with children.

Albena also offers a number of attractions - the famous casino with variete shows, night clubs and discos, exclusive horse riding center. Albena is highly valued by those who enjoy active recreation and sports. A yearly car rally, children's song festival, international beach volleyball competitions, tennis and boxing matches, and regattas take place here. In 2002, international aerobatics championships took place in Albena. The tourists take long walks in the town after a hot, sunny day, and the restaurants, pubs and taverns invite to taste the local dishes and wine. You can also visit the cabaret.
