All high quality finishes and features of the previous phases are to be found here, together with two enormous pools, lush garden and number of outdoor facilities.

The urbanization will benefit from the retail and recreation area called "The Plaza". "The Plaza" is being designed in a courtyard fashion around cobblestone square. It will be situated just behind Kalikaria buildings and will feature two restaurants, Supermarket, Cafeteria/Pub, Gym and Wellness area with a small SPA as well as various shops.

Attractions

Botanical Garden with a Palace is the greatest showplace in Balchik. The beach is divided into two parts - the first part [the harbor part] is the largest one and the only one with a direct descent to the sea. The second part runs along the western part of the promenade. The beach is substituted with manmade plots with sand and umbrellas, and stairs to the sea. Numerous swimming pools are an alternative - some of them are located just at the sea.

A long promenade [about 2.5 km] is a nice place for strolling. It runs from the harbor to the Palace. There are restaurants, bars, discos, hotels and swimming pools along it.
