Overall, this residence offers a great opportunity to purchase an overseas holiday home at an affordable price, not to mention the possibility to rent out during the long, popular holiday season.

Attractions

Botanical Garden with a Palace is the greatest showplace in Balchik. The beach is divided into two parts - the first part [the harbor part] is the largest one and the only one with a direct descent to the sea. The second part runs along the western part of the promenade. The beach is substituted with manmade plots with sand and umbrellas, and stairs to the sea. Numerous swimming pools are an alternative - some of them are located just at the sea.

A long promenade [about 2.5 km] is a nice place for strolling. It runs from the harbor to the Palace. There are restaurants, bars, discos, hotels and swimming pools along it.
