Description

Silver City is situated in the greater centre of Sofia, on the southern side of one of the most prestigious living quarters - Lozenetz, just opposite the South Park. City garden terraces offer magnificent views to Vitosha mountain. North from Silver City, across the road, is the South Park, a favourite place of Sofia residents for leisure. The National Hall of Culture (convention centre) is in the same direction, just 5-7min drive. The area has no industrial production, the air is clean and fresh and greenery abounds. Centrally located and yet a lot of nature around - that's Silver City! Silver City is a unique combination of luxury apartments, offering all amenities to its residents and a multitude of services and equipment, only found in the best 5-star hotels.

The development is based on a "house-in-a-building" concept (first in the country), with specially designed large garden terraces. Each terrace is partially roofed by the upper terrace and has a beautifully styled open garden area. The apartments are amphitheatrically situated with living rooms and garden terraces facing the spacious inner private garden. This original architecture provides them with a view to Vitosha mountain to the south.

Attractions

The huge redevelopment of the city is making Sofia one of the most attractive place to live and work in the region. Whilst Sofia will never rival Prague for its historical sites, there are numerous places of interest to visit including the Russian Church, Russian Church, Sofia Synagogue, galleries, museums and, Sofia's crowning glory, the impressive Alexander Nevski memorial church. You will also see set-piece public buildings along the tastefully cobbled streets and the pedestrianised Vitosha Boulevard attracts visitors for its stylish shops and the impressive views south towards Vitosha mountain.

In Spring and Summer you will see bars and cafes springing out onto the pavements and parks and visitors enjoy affordable quality dining and a thriving bar culture. The city is gaining a new more hedonistic edge as it grows and prospers. As the centre of the city is flat it can be covered on foot with ease.

Moving just 12km out of the city brings you to Vitosha Mountain which is perfect for outdoor pursuits. The city is only an hour away from the established mountain resort of Borovets and one and half hours from Bulgaria's second city of Plovdiv. Whilst there are many improvements still to come, a glimpse of its future status can be observed with its modern airport terminal, business parks and shopping centers. These are all strong pointers that this city will not remain the current property bargain destination for long.
