Attractions

Pamporovo is a modern ski resort in the heart of the Rhodopi mountain, the mountain of the mythical singer Orpheus. It is the most southern skiing resort in Europe. It is the sunniest Bulgarian mountain resort with wonderful snow throughout the whole season. Pamporovo is situated on 1650 m above the sea level at the foot of peak Snejanka (1926 m). It is 240 km far from Sofia and 85 km from Plovdiv.

Pamporovo has an exclusive climate featuring a soft winter with about 120 sunny days during the skiing period. The significant influence of The Aegean Sea appears here and the skiing season starts from mid - December to mid - April. The average air temperature is - 3 ° C. The gentle profile of the mountain with its rounded slopes and summits makes Pamporovo particularly suitable for beginners. But there are also difficult ski runs like the Giant Slalom run which is an excellent exercise for every skiing expert.

All ski runs are safe guarded and maintained in a very good condition. More than 100 highly qualified ski instructors fluent in different languages are here to teach both beginners and intermediate skiers and snowboarders. Ski rentals are available near the ski runs and the lift stations, you can book ski equipment rental, ski school, lift pass with us. The ski runs in Pamporovo come in all hardship levels. They are located between 1926 and 1450 m above the sea level on the northern, eastern and western slopes of The Snejanka peak. The most difficult ski piste is "The Wall", see it on the right picture here. All major ski runs start from the peak of the mountain, where the TV tower is located. Great off-piste skiing and snowboarding is available in this resort, however we recommend using a local guide when going off-piste.
