Description

The Grand Kamelia complex is located in the center of Sunny Beach. The new buildings are located in the western part of the resort. The apartment buildings offer everything you need on summer holidays. The estate is separated from the tumult of the promenade and streets but it is in the very center of the resort. Everything is at hand here - the restaurants, Aqua park, the commercial district and the sea. The Bourgas airport is just 27 km away. The sea is just 800 m away. The complex will consist of a couple of buildings with studio apartments, 2 and 3 room apartments. All apartment owners will have access to a guarded parking lot, 2 swimming pools for adults and 2 swimming pools for children, water bar, restaurant, playground and reception. The turn-key apartments include fully furnished bathrooms, kitchen furnishing and air conditioning. The furniture is available at the developer's or as a BCI Menada option. The price is tempting. The construction completion date is May 15, 2009.

Attractions

The attractions of the Sunny Beach are at hand. A large aqua park is just a couple of minutes away. Shopping precincts, bazaars, hundreds of music clubs, bars and restaurants with folk performances and live music, indoor and outdoor discos are all there. Do you want to take an exciting quad ride or horse ride in the mountains, or perhaps dive to see the shipwrecks? It is all there waiting for you. You can also take a boat to Nessebar - the port is just 400 m away from the complex. How about a trip to Istanbul? Not a problem - a hydrofoil boat will take you there and the cruise takes just a couple of hours. There are many attractions and nobody will be disappointed.
