Description

A new private housing estate is being built on the Black Sea shore. The complex is built on a slightly sloping area of the Balkan foreland - the views are breathtaking. The waves almost wash the foundations of the buildings. The complex is located on one side of the bay with the Old Nessebar peninsula in front of it. All you need to do is to sit and admire, and breathe the crystal clear mountain air. There is a sanatorium nearby. The apartment building is situated between Svety Vlas and Elenite - it guarantees complete relaxation, rest from the tumult and unforgettable views. At the same time, the tourist center of Sunny Beach is just 8 km away. Elenite, Svety Vlas, Sunny Beach, Nessebar and Ravda are an agglomeration - everything is at hand. The complex offers 96 air conditioned apartments and four villas. The price - from 1450 EUR per m2 - is very attractive. The apartments have views on the sea. All apartment owners will have access to a guarded parking lot, swimming pools for adults and children, water bar, garden, gym, playground for children, reception and year round security.

The apartments are in turn-key offer. The furnishing can be ordered directly at the developer's or BCI Menada.

Attractions

The location in Elenite combines two seemingly contradictory features. The place is peaceful and quiet on one hand, and gives easy access to the attractions of tourist life on the other. Elenite is located at the edge of the agglomeration, at a mountain slope just by the sea - the center of Sunny Beach is just a couple of kilometers away. Everything is just at hand. There are Aqua Parks, music clubs, bars, restaurants with folk and music live performances, casinos, etc. Do you want to take a quad and ride in the wilderness or horse ride in the mountains, or perhaps dive among the sunken ships? This complex is perfect then. The fans of history and culture will not be disappointed - the ancient city of Nessebar is right on the other side of the bay. You can walk days and hours on the historical narrow streets. How about a trip to Istanbul? It is not a problem - a hydrofoil boat will take you there on a round trip. There are many attractions and no one will be disappointed. A small holiday train will take you almost everywhere you want.
